

INVENT. PATENT. PRODUCE. PROSPER.

SOLVE REAL LIFE PROBLEMS

FIRST TIME IN INDIA

IdeaRaft in collaboration with I3P Foundation, USA is organizing a 4 day Invention Workshop for **8 - 13 year old** kids to empower the scientific thinkers of tomorrow

ENGINEER THE FUTURE STRUCTURES

JUNE 9TH, 16TH, 23RD, 30TH

2:00 PM - 5:00 PM

**115 GENEVIEVE COURT
PEACHTREE CITY, GA, USA**

WHAT WILL YOUR CHILD DO DURING THE WORKSHOP?

Have loads and load of fun

Explore, experiment, and discover concepts in an instruction-free environment

Discover the science and art of structural designs

Construct their structural working models and prototypes based on real life requirements

Discover various fundamentals of science, math, and technology

Hone the skills of critical thinking, creativity, and innovation based on design thinking methodology
